

Kieve Veterans Camp

“From the first minutes arriving at Kieve, there was no question. I was home...”

Joe – Veteran from Bangor, Maine

Our Mission

The Kieve Veterans Camp offers free programs that support veterans and their families, giving them a chance to relax, reflect and reconnect, in the tranquility of the Maine woods.

We’re committed to those who have deployed in service to our nation. We invite you and your loved ones to be our guests on beautiful Damariscotta Lake in mid-coast Maine. We’ll provide all of the food, fun, and friendship you need to build memories that will last a lifetime.

What people are saying about their time at Kieve's Veterans Camp:

Trina – New York City – parent

“Thank you all for a wonderful time. The girls (Shenia and Nevaeh) were very excited when they arrived home to share their experience with any and everyone who would listen. Thank you Kieve staff for such grace, patience, hospitality, and love.”

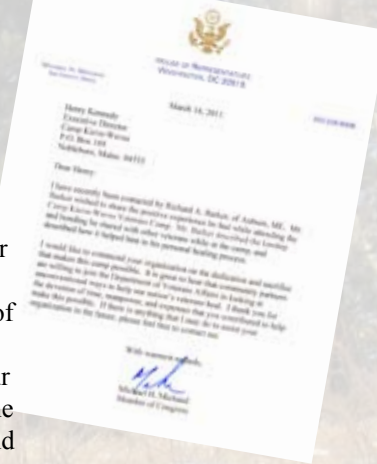

Jeff – Navy Seal

“I believe you have given some veterans a valuable opportunity to help them reengage in what was “normal daily life.”

“I would like to commend your organization on the dedication and sacrifice that makes this camp possible. It is great to hear that community partners are willing to join the Department of Veterans Affairs in looking for unconventional ways to help our veterans heal. I thank you for the devotion of time, manpower, and expenses that you contributed to help make this possible.”

Congressman Michael Michaud

Butch – Millinocket, Maine – Veteran

“I made some really good friends and plan to keep in touch. We have a lot in common.”

Jake – son of two vets

“I made new friends and hopefully they will benefit me, in the sense of being there when my parents redeploy again.”

Jane – Veteran's spouse and parent

“The connections that I have made with our military families and spouses in similar situations to mine are invaluable to me. They are connections that were made in casual, comfortable moments of just talking about our lives and experiences. As my husband leaves next week, I now have a hand-full of supportive ears that will listen and understand.”
