OLYMPIA J. SNOWE
MAINE

November 3, 2011

Dear Henry,

Please allow me to extend my deep appreciation and heartfelt gratitude for your indispensable and inspiring work on behalf of our nation's veterans at Kieve Veterans Camp.

As the brave men and women of our nation have time and again valiantly donned our country's uniform in defense of its freedom, your team at the Kieve Veterans Camp has admirably and selflessly borne the invaluable enterprise of healing their physical and spiritual wounds. There is no better tribute to the depth and breadth of our humanity than the unending compassion, kindness, and care that embodies Kieve Veterans Camp. Indeed, Maine and the nation are indebted to your noble efforts in helping those who have placed their lives on the line to protect our country and the ideals we cherish.

Henry, I commend you, the staff, and the volunteers of Kieve Veterans Camp. The program is a testament that our cherished state motto, "Dirigo" or "I lead" is a principle we truly live by.

Sincerely,

OLYMPIA J. SNOWE
United States Senator
